GP GRADUATE GP TEACHER

MS.
LAU WUN KAM

“Looking back, I have many unforgettable memories with my friends and teachers at Delia GP, and they will be with me throughout my life.

I am thankful to the school for making me who I am today. I made friends and learnt different subject knowledge through innovative lessons that were taught by excellent teachers, and the school always offered to me ample opportunities to learn new things.

As a Glee Pather, I cherished the many extracurricular activities that the school provided to me and other students. This has not only given me the chance to communicate with my friends but also built up my confidence. The school also created a holistic platform such that I could equip myself with knowledge, skills, as well as leadership.

GP teachers not only deliver knowledge with compassion, but also nurture a positive attitude among students. During my time at GP, I have enhanced my interest in learning, while improved my time management and communication skills through my teachers. I have truly gained a lot as a student here.

I can confidently say that Delia GP is more than just a school for me. The diverse cultures have broadened my knowledge and horizons. I have come to realize that all of us are equal no matter where we come from. I am grateful to be a part of this big GP family. Delia GP was my second home throughout my secondary education, and I am blessed to have many teachers and friends who cared for me and worked alongside me for different activities. GP is not just a school for me; it is also my family.

Through continued love and support, I am now a GP teacher and I will work wholeheartedly to contribute to my alma mater, Delia GP. Thank you so much!!”

Most Hong Kong secondary students, if not all, strive to obtain admission into one of the major universities and pursue a bachelor’s degree from the get-go. Though it may seem as though we are trying to thread a needle with the scarce number of seats available to an absurd number of aspiring students, it is a possible feat. However, this is just the beginning as more challenges lie ahead when you enter university.

Life in Glee Path is comparatively easy. Schedules are prepared for students; teachers are always there to offer guidance and it is very easy to build friendships given that you are often with the same classmates in every class. Extra-curricular activities are tailored to the students’ needs and desires. We are basically spoon fed as secondary students in Glee Path with information and support.

Despite the seemingly easy school life in Glee Path, many students tend to feel that GP is somewhat restraining. A lot of chatter surrounds why we cannot do certain things, dress a certain way or act like ourselves. There is a sense of suppression for the way we behave or display ourselves of which I had also felt during my time in Glee Path.

On the contrary, once I entered university, I could dress the way I wanted, act according to my free will and do things the way I want. There was plenty of freedom and I seemed to have been released from all the chains that I was bound by while at Glee Path. I could use my phone during classes and play video games on my laptop. I could even skip classes if I wanted to. These were the freedoms that I, as a secondary student, had wished for back in Glee Path.

However, despite all those instances of liberation, university is a harder beast to tame. Life in university means being responsible of your own actions and your own studies. Teachers and professors won't offer plenty of aid so it's up to you to do extra reading or studying to catch up on what you've missed or what you don't understand. There is a feeling of alienation and solidarity where you choose how the next four years of your life will unfold and your actions will dictate whether you succeed or stumble. I like to see it as if you are acting as both the student and the teacher. It is harder to make acquaintances as you don't see the same faces until next week. Activities and societies are everywhere, but it is hard to choose which one fits you best. Yes, there are many choices indeed and many new faces to meet but it can be daunting to someone who is accustomed to the same people for his whole secondary life and had all the logistical details sorted out for him so that he could get to where he is now.

Regardless of this intimidating university life, I learnt in the past two years how to persevere, how to be more responsible for myself and for my future as well as how to be more sociable and less anxious around other people. I learnt to be more independent and do things my way. I threw myself into the deep end and saw how long I could keep up and so far, it has been a rewarding experience. New friends, new mentors, and new hobbies... these were all things that I discovered during my two-year tenure in university.

No matter if you end up in college or university, you will be given a great opportunity to test your abilities and harness them to prepare you for society. Tertiary education is a great pathway for you to find out who you really are and determine what you really want. It is a really rewarding opportunity and experience. My advice to you secondary students is to make the most out of your time in Glee Path, keep in touch with your friends, learn to be more independent and be accountable to yourself and your actions. Maturity comes to those who can stay resilient regardless of the changes they face. No matter what education path you choose moving forward, just know that it will be an amazing journey and you should cherish every single moment of your experience.

校友的話

郭家成
2019 畢業生

高中畢業後，面對未知的挑戰和友誼的分散，我的心情感到一定的不捨。中學畢業只是一個人生必經階段，但不是一個句號，而是為踏進一個人生新的階段做準備。我亦相信離別是為下一次相遇作準備，因為離別後才能又再一次重逢。

六年前，我追逐着夢想，拼盡努力考進了心儀的學校；六年來，我學會了堅強，身處低谷時我永不忘記遠方的夢想。經過六年中學的洗禮，終於脫去少年的幼稚，變得自信而成熟。在吉利徑六年成長的歷程，賦予我深厚的師生情誼、真誠的友誼。現在的我才發現當天老師的提點及責罵都是為了我著想，更在潛移默化中教會我很多東西。

我是一個讀書不勤奮，上課也不是很專心的人，成長環境也不以學習為中心。我是一個逆向學習的人，學校給予了我很多幫助及機會，支持我們去嘗試一下！例如我在中學生涯中有五年是任職泳隊隊長，曾是我負責老師的韓俊偉老師及黃永隆老師也會放手叫我自己嘗試管理泳隊，凝聚大家一起參與泳隊訓練及比賽等！這六年來對我的中學生涯產生了巨大影響，我很榮幸能夠代表學校參加各種比賽。這些比賽的經驗讓我體會到結果並不代表一切，享受比賽過程才代表了整個體驗。每次參加比賽時，我都會告訴自己結果並不重要，最重要的是，我必須確保自己每次都在進步。以前的我就像一張白紙一樣，但每次的挫敗及檢討，都令我獲益良多，鞭策著我不斷學習和成長！以前的我一定永遠不肯嘗試，在機會前躊躇不定！但機會錯失了便是錯失了，它是不會等待你的！所以在機緣巧合下，我在2019年創立了屬於自己的泳會！

雖然我不是一個頂尖的教練，但我覺得每件事情都要勇敢嘗試，踏出第一步才能知道接下來的路如何走下去！我希望運用自己學到的知識回饋給學校，所以我在2020-2021年度成為了吉利徑的泳隊教練，希望可以為學校培訓更多新血！

對我來說，適應科技大學的新生活並不困難。因為科技大學與吉利徑的上課模式非常相似，先以ZOOM上課，再做功課，最後溫習測驗。

但是，當中亦有一些差異。第一是學校的自由度。大學大多課堂都不是強制性上課，但教授們會在課堂中告訴你交功課的日子，並簡單概述功課內容，此後不會再提醒你交功課。第二是指導方式。如果你對教授剛剛教過的東西有任何疑問，他們會希望你嘗試去自己解決或與同學討論。這是因為教授們不希望我們依靠他們來解答我們遇到的每個問題。第三是工作量。工作量對我來說是有增加，這可能僅取決於你上的大學。在科技大學，我們每周最少需要完成一次功課。驟眼一看，可能你認為功課不多，但都是以自學形式去解答當中成千上萬的難題。教授們雖不會為你尋找答案的過程評分，但過程卻可以幫助你更好地了解他們在課堂上所教的內容。

這些與高中完全不同，因為吉利徑的老師會提醒您何時需要遞交作業，並盡最大努力幫助你解答任何問題。以上種種看起來，上大學可能會變得困難，但仍有許多原因值得你去上大學。上大學後，您可以進一步探索從未接觸的職業發展道路和課程，亦可以探索你專業領域以外的主題。這樣，您就能夠找出您真正感興趣的範疇。而我正選修生物學和化學課程，但我也選修了工商管理課程。在大學裡，學生群體非常多樣化：有印度，韓國，中國大陸等國家的人。因此，你可以結識來自不同國家的人。如果你能夠與大學裡的人成為朋友，那麼他們不僅會幫助你進一步學習，而且還可以擴闊你的視野。即使你總不能被同一群人包圍著，就像你在高中時的樣子，即使在這個地方可能令人生畏，但你仍然值得在這裡嘗試結交新朋友。

最後，無論接下來發生什麼，下一個章節將為你提供不同機會來測試您的能力或技能。這些經歷會令你更了解自己，為你自已打造最美好的人生。
